## Koorrefrein:

I can't forget the pretty girls of Trinidad  
Such a lovely kind you will never find !  
I can't forget the pretty girls of Trinidad  
They have stolen my heart and my mind !      (\*\*\*)

## Coupletten:

1.    *Listen to my dismal song:  
Never's me poor sailor free  
What I do, it will be wrong:  
Join the girls, or go to sea ?  
Shall I ever? Shall I never? Heaven, what shall I do ?*
2.    *Always I must worry about:  
Captain's prison waits on board  
Otherwise, there is no doubt:  
Girls will catch me in the port  
Shall I ever ? Shall I never ? Heaven, what shall I do ?*
3.    *There is one more trouble too:  
On board I will save my pay  
In the harbour - what I'll do -  
With the girls it runs away  
Shall I ever ? Shall I never ? Heaven, what shall I do ?*

**\*\*\* NB: Deze regel wordt na laatste refrein (anders herhaald.!)**
